Premier® medium density fiberboard is produced utilizing high-quality Pine, western softwood or Douglas fir raw materials. Using an advanced refining process ensures a homogenous panel that is ideal for deep detailed profiling and finishing with exceptional performance results.

Ultra Stock™ Premium MDF combines super-refined fiber resources and proven production processes to produce defect-free panels with the machinability and finishing characteristics you need for maximum efficiency.

Premier® and Ultra Stock™

1/8	49 x 97				
1/4	49 x 97				
3/8	49 x 97				
1/2	49 x 97				
5/8	49 x 97				
3/4	49 x 97	49 x 121	61 x 121		
1"	49 x 97				

Plum Creek MDF, are engineered wood panels prized by woodworkers for their exceptional qualities, including a smooth unblemished surface and homogenous core.
